

Dear Prospective Sponsor,

Hill Country Bowhunters Association (HCB) is a non-profit organization who strives to introduce today's youth to outdoor activities, providing them with an outlet for their energies, as well as an opportunity to participate in group activities with their family and/or other youth while learning a respect and appreciation for the great outdoors.

In order to accomplish this purpose, HCB hosts an average of eight events each year by way of our 3D archery tournaments. These events allow our guests and members to partake in a 30-target course-style tournament. Our tournaments are geared toward offering safe, fun, archery-centered activities that the entire family can enjoy. Monthly participation includes any an average of 100 to 120 shooters ranging in age from 3 to 80 years old.

While many of our out-of-pocket operating expenses are covered by entry fees and concessions sales, there is still a great need for outside financial support. The more support we attain, the more our funds can be directed to support our youth-specific activities. That is where you can help.

As a Donor or Sponsor, your tax-deductible donations will go towards assisting with the maintenance of land, 3D targets, purchasing awards for tournament winners, advertising for events, and most notably, towards supporting our Annual Fun Shoot and Fundraising Event – where 100% of the proceeds from our 3D shoot, plate lunch, silent & live auctions, and raffles are dedicated to our Youth Fund. That Youth Fund then allows us to sponsor local kids on hunting and/or fishing adventures each year. More information on that program can be found on our website www.hillcountrybowhunters.com.

Your Donations and/or Sponsorship will ultimately help HCB offer the opportunities our youth need to become active participants in outdoor activities and good stewards of the outdoors. We hope we can count on your support this year and for years to come.

We truly appreciate your interest in supporting our organization.

Sincerely,

Your HCB Officers
